79, NO. 31

RAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY JULY 30, 1970

The Report of the Grand Jury the July 1970 term is as follows:

TO THE HONORABLE  
FRY G. WALKER, CIRCUIT  
DEB PRESIDING:

We, the Grand Jury, having on duly empaneled, sworn and argued at the July term, 1970, beg leave to submit this our Report.

4 days during which time we have examined 40 witnesses, we have considered 32 cases; and return herewith seven additional indictments along with twelve returned on June 13, 1970, when we submitted a previous report, making the total number of indictments nineteen (19), some of which are joint indictments.

On order and at a total cash cost of \$33,693.00 are two sets of heavy equipment bought by the City of Bay St. Paul for the purpose of opening a conveniently located sanitary fill and improving the city of patch work being done by city contractors. This equipment known as (1) Articulated Dump Loader and (2) Foregrader by Ton Steel Wheel Roller was purchased from Jay Bird, Inc., the Allied Equipment Inc., Jackson and delivery is expected in the near future, according to Warren J. Carvor, chairman for the City Commission.

Carvor pointed out that the lowest bidder was the Mississippi Road Supply Company and their bid was \$188,000 more than the winning bidder, Allied Equipment who gave a 5% discount because of no orders being placed.

Carvor said the location for the sanitary fill had not yet been decided upon, however, it would be placed for the convenience of citizens who were in need of a nearby place for dumping garbage.

The road equipment will be possible a better patch job and in addition city crews will be employed to operate it.

Previously this work was done on open price to private individuals and in some instances the work proved costly and impractical.

Our Lady of Lords Rectory in the Pineville Community will have vacation Bible School August 10th-14th. Registration is open for ages 4, 5-8. The school will be conducted daily from 9 a.m. - 12 noon. Buses will be available for students. For information call Father Mitchell at the Rectory 432-4294.

A letter to Russell Elliott, President, Board of Supervisors, from the Office of Emergency Preparedness in Washington, D. C., dated July 27 1970, advises that the Gulfport OEP staff will conduct a joint review with local government heads to check into critical cases of Camille debris still remaining in their areas, starting July 28.

The Bay St. Louis Little League All Stars won their first game in District Tournament play Tuesday night by defeating the Bilotti Nationals 7 to 0. The Bay All Stars had superb pitching, fielded flawlessly and walloped offerings of opposing pitchers. All members of the Bay 15-man squad saw action.

Members of the All Stars are made up from players of all six teams in the Little League. They are managed by Billy Rhodes and coached by Joe Currie.

Mark Thomas and Rusty Sal  
tore.

If the boys keep up the  
good work in the district tour  
nament they will have a chance  
to play for the State Champt  
ship graded coaches.

Robert Goodsell, chief policeman for the City of Bay Louis, reported a relatively quiet week-end, but said suspects had been picked up questioning in connection with the vandalism that occurred at the Valena C. Jones School. Goodsell said an investigation still underway, but at this time he was not ready to release names of any suspects.

The Main Street Methodist Church cordially invites all children between the ages of 4 through 12 to attend Vacation Bible School, which opens on August 10 through August 24, beginning at 9:00 a.m., each morning dismissing at 11:30 a.m. Competent teachers will provide instruction and interesting programs.

Robert Roightler, of Operations Upturn, received a report from a warlike man that vandals in Bay St. Louis were active on Washington Street during the week end, and the home of Lawrence Cox, currently being upgraded and repaired through an Operations Upturn man, was damaged by

on the side wall. Structural damage from the ravages of the storm, and termites over the years of infestation, this house thought to be over 80 years old and was used as a cattle's shed. It has been upgraded to meet building standards and was being the last in garden city when this vandalism occurred.

The Waveland Town Board during its regular meeting July 22, passed a resolution for a special election on Saturday, August 22, 1970, for two propositions relative to a sewerage system and a sewage disposal plant for the Town of Waveland.

Estimated cost of the system is \$2,349,100.00 of which Federal funds amounting to \$1,394,100.00 will be provided (which is sixty per cent of the expenditure). The town of Waveland will need to raise forty per cent which amounts to \$955,000.00. The two propositions to be voted on will provide this amount. They are as follows:

"The Town Board, continued the Mayor, has given much thought and to this matter and in our study we have interviewed many of our citizens the majority of whom favored a bond issue which would greatly improve our town and homes. It would make our community a better place in which to live and increase the value of our property."

"Our estimate of the cost continued Ladner, includes repair to damaged pavement resulting from installation of the system. We do not intend to be plagued by broken pavements as was our adjacent municipality after installation of a sewerage system."

on it was then called. The Henderson family, who lived on Beach Blvd., started the partition to raise money for the church. Small booths were set up and lemon cream, cake and petit lemonade were sold.

After the Hendersons died, the younger members of the family moved away. Mrs. Ed Carrero, with the help of some of the parishioners, including the Turcocks family, took charge of the function. It was later turned over to the construction of the low housing projects for the Bayou La Bata Housing Authority and the Wave land Housing Authority started yesterday.

The Wave land project is three times comprised of a lot of 25 acres located on Third, Cambell Street; Run down the left side of Wave land Avenue and Old Spanish Trail was the St. Joseph Street intersection. All sites are north of railroad. The project will

the main purpose of the fair was not. It is still given to raise money for the Church by giving the people a chance to get together and enjoy themselves -- adults and children alike. Too, since the devotion of the Church, School, Convent, Rectory and Parish Hall by American Camillo, the Fair means more to the Parish now than ever before.

It was revealed on Tuesday afternoon during a session of the Hancock County Circuit Court that the president of Hancock County Board of Supervisors failed to sign the minutes of their proceedings during the months of May through July 6 of 1970. Judge Harry M. Jones presiding over the case styled Jerry Ledner vs. The Board of Supervisors of Hancock County called for the presentation of the minutes of the Board of Supervisors that he might verify personally this failure to comply with regulations as required by law. Ledner, an interested citizen of Hancock County, was represented by attorney Randall C. Jones of Pass Christian who presented a bill of exceptions in connection with actions taken by the Board of Supervisors on the funding of the proposed Jackson Ridge Park project.

Walter James Phillips, attorney representing the Hancock County Board of Supervisors, conceded that until minutes are signed they are not valid and asked Judge Wallace to decide the issues as soon as possible since a grant involving \$70,000.00 from Federal Funds could be lost if conditions specified were not met in the immediate future. Phillips pointed out that an expiration of time on the grant was running out. Judge Wallace agreed to review a brief to be presented by Attorney Jones within 10 days and to hear the case during court in vacation, since the Circuit court will not convene again until October.

Points brought up by Attorney Jones included the question as to whether or not the Port and Harbor Commission acted with authority when they agreed to transfer funds in the amount of \$15,000 for use by the Jackson Ridge Park and Pleasure development, whether

ponibility be as follows: Rev. Everett Rocomu, pastor of Kila Bistigai Church; Maile, Rev. Bernard Wilson, pastor of Main Street Methodist Church in Bay St. Regis, programs.

Maile stated that the purpose of the program is to express appreciation for the help received from concerned people throughout the county, who helped during the aftermath of last year's Hurricane Camillo disaster, and the continued help being received in the re-building of Hancock County.

The clergy of the county have been most cooperative in organizing this special program stated Maile.

The anniversary day of Hurricane Camillo was celebrated

once the Jackson Ridge Park was developed it would become the property of the State Department and would not be Hancock County Park, although hundreds of expenses would be on the County.

Questions as to whether Port Commission acted with authority in transfer of funds and a report of the expenses of the Hancock County Board of Supervisors was raised. The Board of Supervisors seeks to purchase an acre of additional lands at a cost of \$2,250 per acre to enlarge the Jackson Ridge Park and Playground developments.

MR. AND MRS. WESLEY GULLATTE OF BILOXI ACCEPT DELIVERY OF THEIR NEW CAR FROM FRITZ PERANICH, SALESMAN AT LAMAR-LANE CHEVROLET IN BAY ST. LOUIS.

Mr. and Mrs. Wesley Gullatte of Biloxi were in the market for a new car and since they had been hearing about all the very good deals offered folks at Lamar-Lane Chevrolet in Bay St. Louis, they decided that before they bought they would visit them. At Lamar-Lane Chevrolet the Gullattes talked to veteran salesman Fritz Peranich. Mr. and Mrs. Gullatte looked over the huge collection of 1970 Chevys on display at Lamar-Lane and their new car lot. They saw just the car they were looking for and Fritz Peranich gave the Gullattes a Lamar-Lane price that was a very good deal and a money saving deal. Folks from all around are hearing about the good deals offered by Lamar-Lane Chevrolet on new Chevys, that is one of the reasons they sell so many new cars. Looking for a place to buy a new car, visit Lamar-Lane Chevrolet and ask for veteran salesman Fritz Peranich, he could save you many dollars.

## Hancock County Shares In Tax Surplus Fund

Hancock County has received \$88,078.49 as its share of a surplus fund left from petroleum taxes collected during the past year by the state motor vehicle controller's department.

Comptroller Joe Sharp announced the \$3 million surplus from his office in Jackson where state-wide functions of the motor vehicle controller are headquartered.

The surplus of \$3,139,685.20 is the largest in Mississippi's history," said Sharp, "and is part of an all time high of \$88.5 million which the department collected during the last fiscal year."

Each of the state's 82 counties has already received \$190,000 during the year as its normal share of petroleum revenues. State law provides that certain designated funds remaining after counties have gotten their basic amounts will be divided as surplus and refunded to the counties.

"The law requires that we divide the money three ways," Sharp added. "First, the total surplus is divided into three

equal amounts. Then we divide one third equally among the counties. The next third is divided proportionately by the population in each county, while the last third is divided proportionately by the number of square miles in each of the counties."

"Some counties get more than others according to this way of dividing the surplus," Sharp continued. "But the main thing is that all counties get to share in the money. The way we divide it is regulated by law."

Although the petroleum tax division of the motor vehicle controller's department generates most of the tax revenue for that agency, its book known as the operation of truck weighing scales at entry points into the state. Other major functions of the agency include administration of the state's motor vehicle registration and title laws and enforcement of butane safety regulations. Field employees of the department live in most Mississippi towns and cities, but work out of Jackson as their headquarters office.

"First, the total surplus is divided into three

## Our readers write

Editor, Sea Coast Echo:  
With all our institutions of  
higher learning, why haven't  
they learned that "two wrongs  
don't make a right"? The wrong  
of drafting 18 year olds and  
sending them to fight wars that  
we help to supply by continued  
trade with Russia and England,  
cannot be made right by putting  
the responsibility of voting on

them, and adding more draft  
to get their vote before they  
go because "dead men cast no  
votes." The registration age  
should be 20 or 21 years.  
True, some young men are  
capable of getting informed and  
voting wisely. The age for  
President was lowered too  
quick, there again I dare say  
some younger men would have  
been wiser than to continue  
trade with the enemy and in-  
form them of every move we  
make and the date we would  
pull out. All of which is giving  
aid to the enemy. Need I  
say more?

SOILS NEED LIMB

Did you know that a recent  
soils test summary shows that  
our state's farm land needs  
eight million tons of lime to  
bring it up to the recommend-  
ed pH?

This lack of lime is costing  
our farmers more than \$20  
million a year.

Get your soil tested now to  
find out how you stand in ap-  
proach to acid soils. If the  
test indicates that you do need  
lime to bring your soil to the  
recommended pH, apply it just  
one time this fall to dry  
enough to support granular  
trucks.

Some of the ways that lime  
benefits crops are: It supplies  
essential plant nutrients,  
it increases the activity of in-  
terorganisms that help release  
nitrogen, phosphorus, boron,  
sulfur and other elements from  
the organic portions of the soil.  
It helps rid the soil of toxic  
elements and helps make your  
applied fertilizer work more  
effectively.

### SOYBEAN NOTES

Do some trouble shooting  
now to find things that may  
be limiting your soybean yields,  
even though you may have to wait  
until next year to correct them.

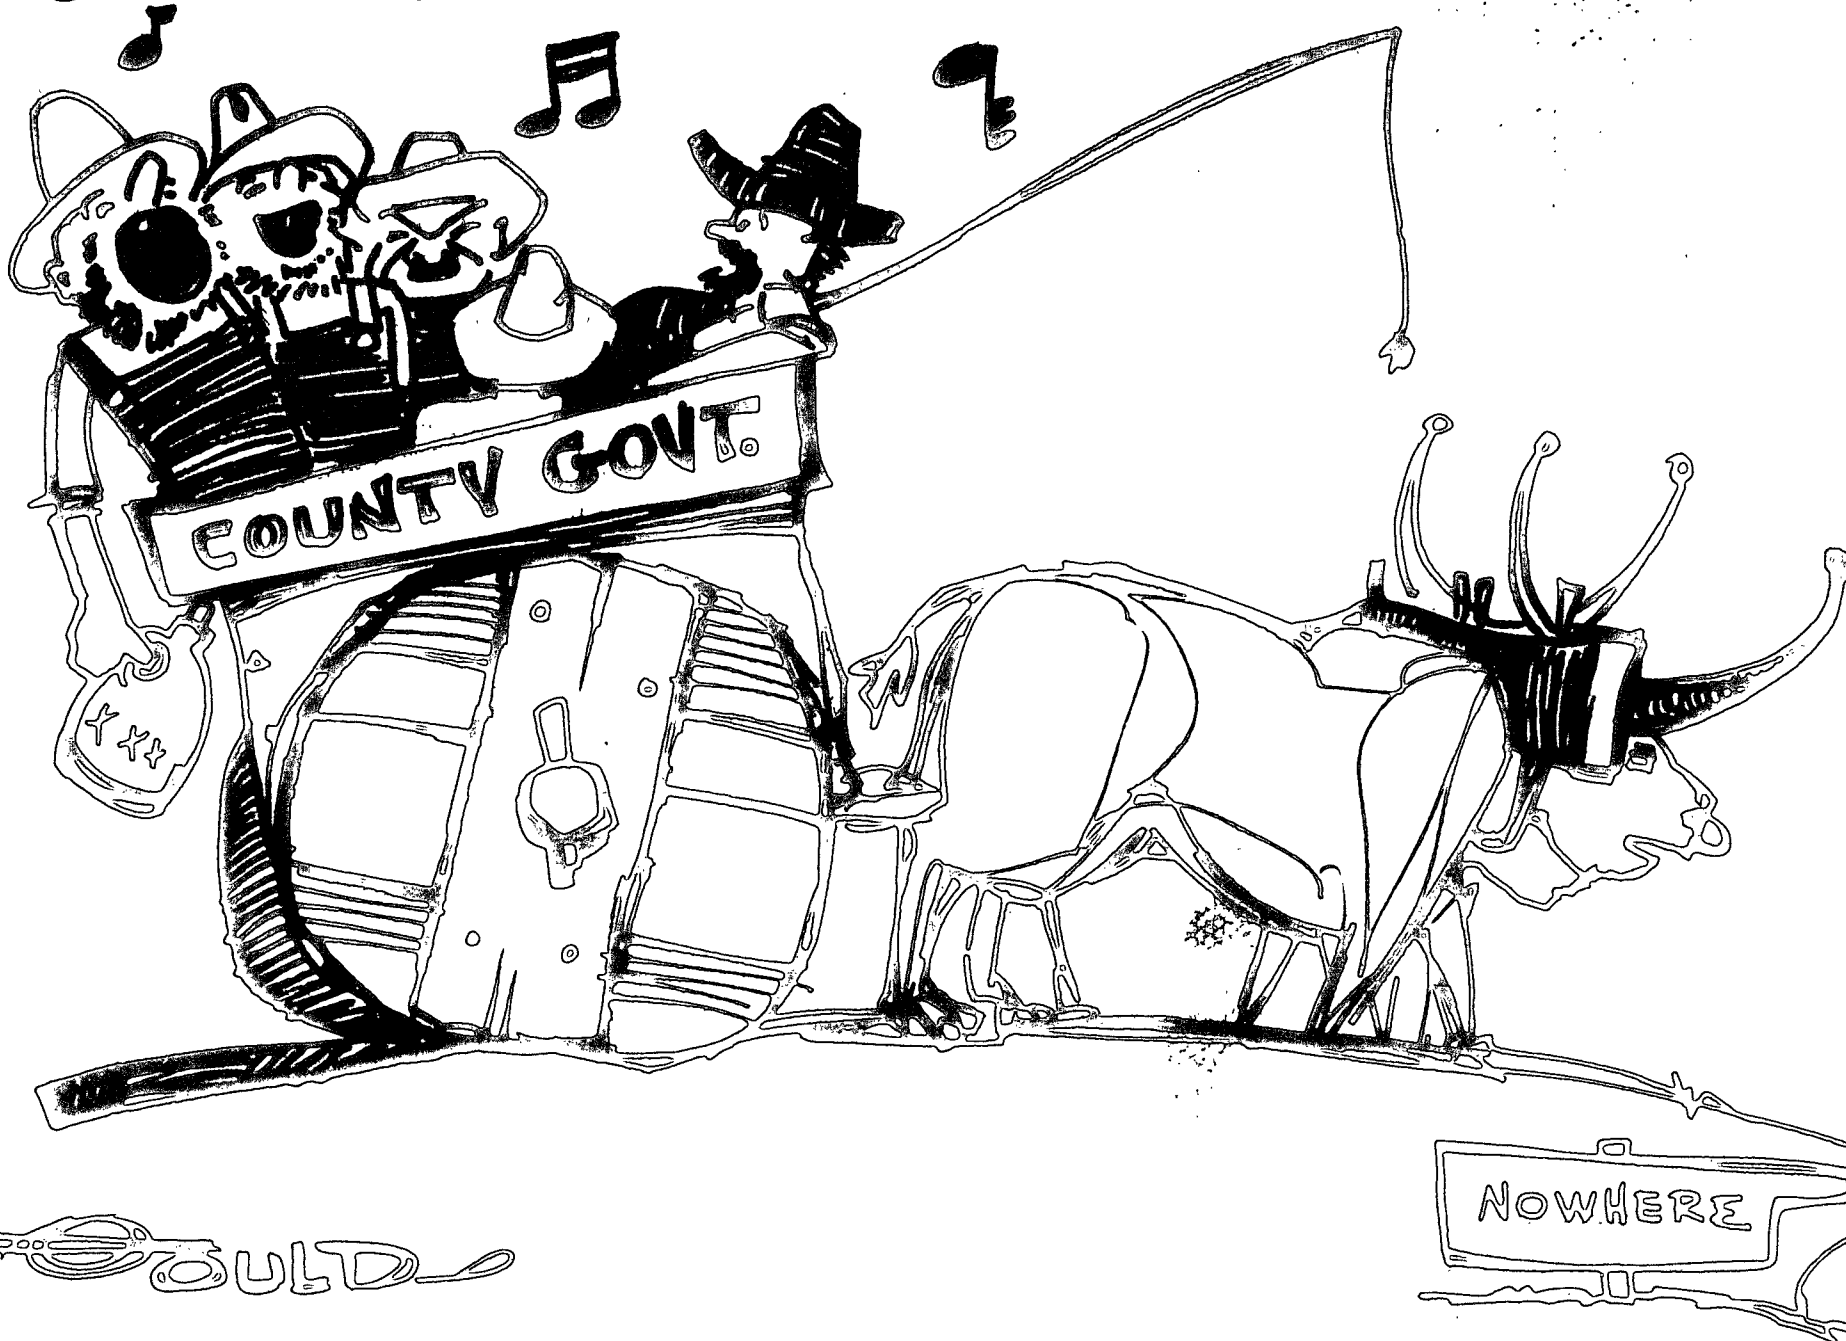

Lack of moisture is often  
a problem during August. Ir-  
rigation can help this, but there  
may be other reasons the plant  
is unable to utilize fully the  
moisture that is available.  
Check for hardpan that may  
be restricting the root zone.  
Also check for soil compaction.  
This is fairly common on new  
land that has not been pre-  
viously planted to soybeans.  
But if you have a hardpan, ex-  
amine the roots for signs of  
restriction. These roots should  
be pink or orange when sliced  
open. If roots are brown  
or tan, the soybean plant  
will show a nitrogen deficiency.  
Poor nodulation may be the  
cause. So next year inoculate  
your soybean seed with a new  
commercial inoculant. Acid soils  
and a lack of molybdenum may  
contribute to poor nodulation.  
Make a soils test to check for  
acidity.

Dead or dying plants with  
the presence of a white mold  
at the soil line probably in-  
dicate southern blight. The only  
control for this disease is to  
bury all plant residue this fall  
by moldboard plowing to  
least six inches deep.

### CUT YOUR OWN

You can often triple your  
income from pineapples by cut-  
ting and handling your own  
wood. But first check with  
the dealer to find if he will  
buy your wood and on what  
terms he will buy it. Check  
also to find out the size wood  
he wants - the minimum and  
maximum diameter of the wood  
and the length desired and tol-  
erance allowed. Find out how  
much defect and degrade will  
be allowed.

officiating. Burial was in  
Rocky Hill Cemetery.

### Richard L. George

Richard L. George, 72, a  
native of New Orleans and a  
resident of Clarendon Harbor,  
died at 11:30 a.m. Friday, July  
24, at Hancock General Hospital  
where he had been a patient for  
several days.

Mr. George resided in New  
Orleans until 19 years ago when  
he moved to Clarendon Harbor.  
Son of the late Louis and  
Marie Catherine George, he was  
a retired employee of the Depart-  
ment of the Interior.

### Miss Bohinger

Miss Edeline (Fritz) Boh-  
inger, 74, died Wednesday after-  
noon at Memorial Hospital, where  
she had been a patient for 11  
days. She had been in ill health  
for several months.

Miss Bohinger, owner of  
Fritz's Cafe in Kila, was born  
Nov. 5, 1915, in Kila, where  
she resided all her life. She  
was an employee of the Former  
Town House in Gulfport and was  
a member of the Church of An-  
gelus in Kila. She belonged  
to the Ladies Auxiliary of that  
church and the Ladies Auxiliary  
of the Veterans of Foreign Wars  
in Kila.

She is survived by four bro-  
thers, Curtis, Kila; Elvin, and  
L. J. Bohinger, both of Gulfport.

## A Conservative View

by James J. Kilpatrick

Strom Thurmond's short  
speech in the Senate on the  
afternoon of July 17 had all the  
classic characteristics of  
a good right hook: It was quick,  
explosive, and squarely on tar-  
get; it carried conviction; and it  
left an impression. If the Pre-  
sident was brushed, okay, politics  
is a body contact sport.

The South Carolinian re-  
minded me of one of the fabled  
ladies, who silently marked  
each grievance by putting a  
pebble in his pouch. When he  
had a pouchful, he went to war. After  
months of quiet simmering,  
Thurmond boiled over at Mr.  
Nixon's new crackdown on de-  
segregation in the South, cou-  
pled with the denial of tax-  
exemption to private schools  
enrolling white pupils only.

Thurmond had his pouchful.  
"Mr. President," he cried,  
"I condemn these actions; I  
strongly condemn them; without  
end, I condemn them. They are  
wrong as social policy, and they  
are wrong as law. This is the  
sort of program we would ex-  
pect to get from a Democratic  
administration."

At his press conference the  
following Monday, Mr. Nixon  
responded in conciliatory vein  
to Thurmond's complaint about  
the desegregation crackdown;  
there would be no "vigilante  
squad" to coerce the Southern  
school districts to integrate.  
Counselor Robert Finch spoke  
to the same effect. But neither  
the President nor his former  
White House Secretary touched  
Thurmond's blast at denial of  
tax exemption for the non-pro-  
fit private schools.

KENNETH E. ROTHMANN  
Lt. Rothmann  
Rothmann Awarded  
Silver Wings

First Lieutenant Kenneth E.  
Rothmann, son of Mr. and Mrs.  
Henry P. Rothmann of Bay St.  
Louis, Mississippi, has been  
awarded silver wings upon  
graduation from U.S. Air Force  
navigator training at McChes-  
ter AFB, California.

Lieutenant Rothmann is to-  
day assigned to Santa Barbara  
AFB, Arizona, for flying duty  
in the F-4 Phantom fighter  
bomber. He will serve with a  
unit of the Strategic Air  
Command, America's nuclear  
deterrent force of long range  
bombers and intercontinental  
ballistic missiles.

The lieutenant, a 1963 grad-  
uate of Bay High School, at-  
tended Pearl River Junior Col-  
lege, Poplarville, Mississippi,  
and received his B.S. degree in  
1967 from the University of  
Southern Mississippi. He is a  
member of Delta Sigma Pi.  
Lieutenant Rothmann was  
commissioned upon completion  
of Officer Training School at  
Lackland AFB, Texas. His wife,  
Carolyn, is the daughter of Mr.  
and Mrs. Howard B. Wilkins of  
329 Broadway, Berkeley, Cal-  
ifornia.

This action on the part of the  
Internal Revenue Service, ex-  
plicitly approved by the Pre-  
sident, was a particularly re-  
grettable exercise of John Mar-  
shall's dictum that the power to  
tax involves the power to de-  
stroy. The ruling is intended to  
destroy these private schools  
for one reason only—that they  
are pursuing an admissions pol-  
icy that, if pursued by a public  
school, would violate the Four-  
teenth Amendment.

The effect of the ruling is  
itself to violate the spirit of the  
Fourteenth Amendment, which  
never on this earth was intended  
to prohibit private acts of dis-  
crimination. The effect is  
further to single out one class  
of private educational institutions  
only, and to impose special re-  
quirements upon these schools  
not imposed in any other way.  
The ruling is a denial of the  
"even-handedness" of which  
Mr. Nixon boasts; and it flies  
in the very teeth of the Supreme  
Court's reasoning as recently  
in May 4 in approving continued  
tax exemption for churches.

Senator Thurmond did not  
count out the other grievances  
in his pouch, but other con-  
servatives are beginning to do so.  
There is the President's Family  
Advisers Plan, his signing of  
the bill giving a veto to 16-year-  
olds, his endorsement of direct  
national elections, his recom-  
mendation of more millions for  
subsidies to artists and to the  
space-rocket transport plan.  
All these are "the sort of  
programs we would expect to get  
from Democratic adminis-  
trations."

And there's the rub. If Har-  
old Humphrey had been  
elected, the Senator would have  
had his pouchful in 24 hours.  
Nixon was the best choice con-  
servatives had, he is likely to be  
the best choice they have in  
1972. But if the President fails  
to correct his recent drift to  
progressivism, he will lose more  
effectively to conservatism in  
his party—no surely will other  
many of the 81.6  
million silent Indians who voted  
him into the White House just  
21 months ago.

### Timberland Has Insect Damage

While Hancock County Per-  
mittee Michael Hendry and Per-  
mittee Alvin Moore were  
checking area timberlands for  
insect damage they found one  
40-acre tract in which all trees  
were dead or dying from the  
ravages of insects.

Trees damaged by the winds  
and or waters from Canille  
were easy prey for the insects  
which have infested them. Most  
insects found by the foresters  
were the IPS beetle. Other  
insects found were Black  
Taperline and Southern Pine  
beetles.

## THE MILKY WAY

### The Neighbor

In a dozen places, the law says you have the right to "live in peace and quiet." It may be difficult to enforce the rule to the letter, but it is the spirit of the law that counts. The law is not a suggestion; it is a command. If you live next door to a noisy neighbor, you have the right to complain. The law is on your side.

One's house had to be abandoned as unsafe. Yet, even though a court held him liable for running the neighbor's house, a court did not condemn an enormous "fence" carefully designed to let out light and air from the next door. The judge said it would be intolerable to a man's neighbors to question his motives.

In recent years, as people have lived closer together, the law has changed. The right to excavate is now subject to considerations of safety and fair play. Almost everywhere, the spite fence is forbidden. As one court put it: "No one ought to have the right to make a malicious use of his property for no benefit to himself, but merely to injure."

## 1040 U.S. Individual Income Tax Return Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

- Q) I didn't think I had a refund coming so I waited until almost April 15 before I worked out my tax return. How long will it take for me to get my refund?
- A) If there are no mistakes on your return to delay processing, you should have your refund in June, about six weeks after you filed. It might take a bit longer, however, due to the large volume of returns filed in April.
- Q) What should I do about a delayed refund?
- A) If you have not heard anything about your refund and it has been 10 weeks since you mailed in your return, then you should call your local IRS office. You should wait 10 weeks before calling as this period of time is generally sufficient for the refund to be issued.
- Q) I'm buying a house this summer. What records should I keep?
- A) You should keep a record of all the money you spend on the house, including the purchase price, the cost of improvements, and the cost of repairs. You should also keep a record of all the money you receive from the house, including the sale price and the proceeds from any loans. This information will be useful when you file your tax return.
- Q) How do I get a Social Security number?
- A) You can get a Social Security number by applying to the Social Security Administration. You will need to provide some personal information, including your name, date of birth, and Social Security number (if you have one).
- Q) What do I do with the Forms I had left over after I filed my return?
- A) You can destroy the Forms after you have kept them for a year. If you are not sure when you will need them, you can keep them for a longer period of time.

## Auto Insurance Rates Discussed

On Friday afternoon in Jackson, the Mississippi Insurance Commission studied requests for rate increases on automobile insurance.

Attending the meeting from the Gulf Coast were Robert Portwood and Chum Sneed who report the proposal is still under study and no decision has been made on the proposed 22.2 per cent increase said necessary to provide adequate auto insurance for all Mississippians. Favoring the increase was R. Stanley Smith of Atlanta, southeastern manager of the rating bureau, who cited increased costs for repairing cars, paying hospitals and compensating victims.

More time to study the costs were felt needed, and accuracy was not present at the meeting due to illness.

Earl Keys of Jackson, president of the state trial lawyers association and Representative Elwin Livingston of Pulaski were opposed to an increase. Livingston said: "When you raise the rates you increase the number of drivers without insurance."

No date for a further hearing has been set, according to Portwood's report.

## Newman-Sterling Wed St. Clare's Church

St. Clare's Catholic Church was the setting for the wedding of Miss Charlotte Rose Newman, Waveland, and Mr. Larry Dave Sterling of New Orleans.

The bride is the daughter of Mr. and Mrs. Gilbert Newman of Waveland Avenue, and the groom is the son of Mr. and Mrs. Hymen Sterling of New Orleans.

Rev. Father Malone performed the double ring ceremony before the altar, decorated with white gladioli and greenery.

Given in marriage by her father, the bride wore an A-line ankle length gown of lace and net over taffeta, with long

lace sleeves, and a length veil. She carried a bouquet of white gladioli and pink roses. The groom wore a dark suit and a white shirt with a dark tie.

The ceremony was attended by many guests, including family and friends. The reception was held at the home of the bride's parents.

The bride and groom will be making their home in New Orleans. They plan to have a honeymoon in the Caribbean.

The wedding was a beautiful affair, and all guests enjoyed the ceremony and the reception.

## Sherman-Netto Wed At Our Lady of Gulf

The setting for the wedding of Mrs. Leland J. Netto Jr. and Mr. Sherman Netto was at Our Lady of the Gulf Church, Bay St. Louis, Mississippi, on Saturday, July 25.

The bride is the daughter of Mrs. Leland J. Netto Sr. and the groom is the son of Mr. and Mrs. Leland J. Netto Sr. of Gulfport, Mississippi.

The Rev. David O'Conner performed the double ring ceremony. Baskets of gladioli and carnations, and palms, decorated the church for the occasion.

Given in marriage by her uncle Robert Sherman, the bride wore a floor length gown of Chantilly lace, bouffant scalloped lace, tiered skirt fullness in back formed a chapel train fitted with bodice Victorian style neck line. Her waist length veil of illusion was caught to a cluster of lace petals highlighted with seed pearls, and she carried a cascade of white carnations.

Mrs. Donald Bernos, cousin of the bride served as matron of honor.

Mrs. Leland J. Netto Jr., sister of the bride was maid of honor.

Bridesmaids were Miss Lana Rae Johnson, cousin of the bride, and Miss Pat Smith. Laura Peterson was her flower girl.

Serving the groom as best man was his brother Francis Netto. Groomsman were Mike Netto brother of the groom and Ronald Williams. Michael Dietrich was ring bearer.

Ushers were Douglas Lizana brother-in-law of the bride, and Mr. E. J. Nelson.

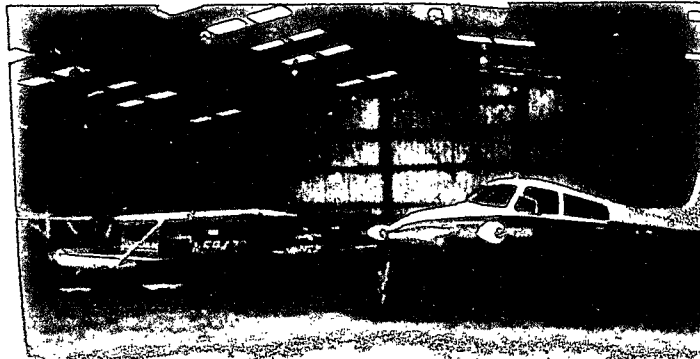

Mike and Herman Johnson, cousins of the bride served as Altar Boys.

Ken Antic soloist sang a number of appropriate selections during the ceremony accompanied by Mrs. John McKenna.

Following the ceremony a reception was held at Parish Hall, where the couple was assisted in receiving by Mrs. Delores Sherman and her uncle Robert Sherman.

Mrs. Alden Garcia aunt of the bride cut the four-tiered cake. Kathleen Sherman sister of the bride and Kathy and Cindy Lou Musser cousins of the bride served refreshments.

The Hall was decorated with bells and ribbon.

WYLLIE HEATH, PRESIDENT of Heath's Flying Service, Inc. wishes to extend his thanks and appreciation to the wonderful people of Hancock County for their interest and support of our new airport and HEATH'S FLYING SERVICE, INC. This hangar is located at our new Gulf Central Stennis Field and these airplanes belong to Heath's Flying Service. Wylie Heath's aviation program is far ahead of its time. ### Camp Onward Activities

Camp Onward, operated by Kingsley House, New Orleans and Bay St. Louis through both Greater New Orleans and Hancock County United Funds has an outstanding program for both boys and girls this summer.

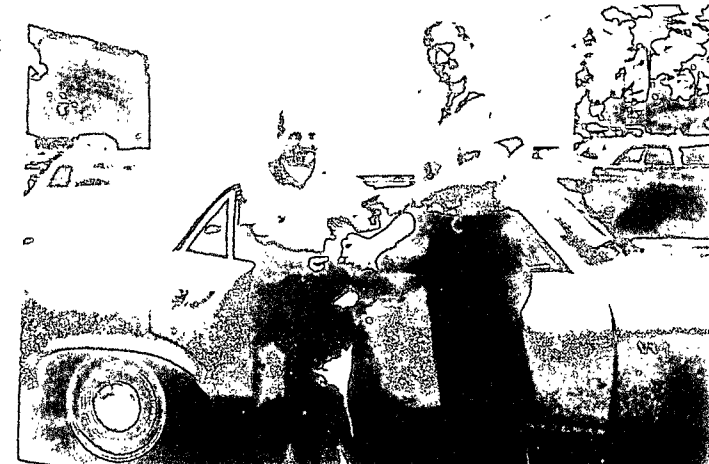

Normal Francis Robinson of New Orleans and a graduate of the Catholic Theological Seminary is in charge of the activities of the camp.

Seventy nine youngsters have enjoyed a two-day program and this group included boys and girls from Hancock County and New Orleans who exchanged ideas and reactions and were frequently seen hiking up the beach toward the "Snow Ball Beach".

Miss Bernie Nowak and her staff of workers will conduct two sessions for girls, between the ages of 8 through 15, during the second and third weeks of August.

August, Father George Heffner, pastor of St. Rose de Lorette Church may be reached at telephone 467-7347 for further information concerning the program.

Camp Onward is one of 12 community programs sponsored by the United Funds contribution.

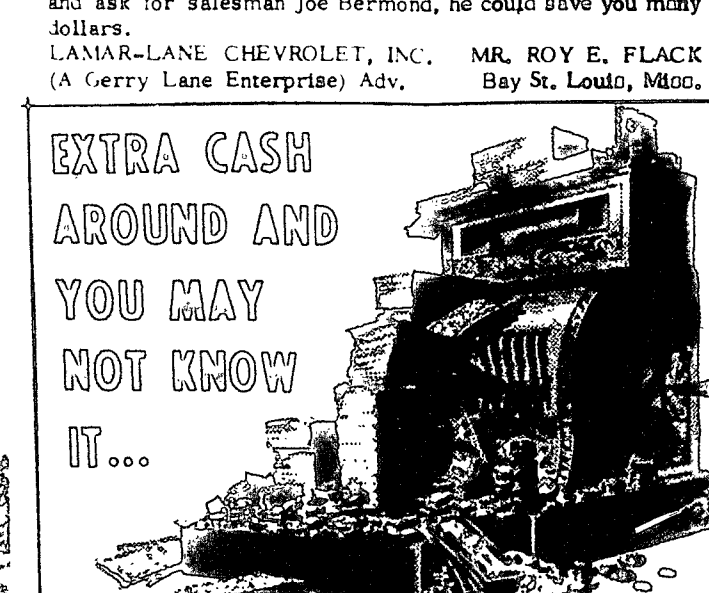

MR. ROY E. FLACK OF BAY ST. LOUIS ACCEPTS KEYS TO HIS NEW CHEVY PURCHASED FROM LAMAR-LANE CHEVROLET, THE BERMOND.

Mr. Roy E. Flack of Bay St. Louis a retired sheetmetal worker and neighbor of Lamar-Lane Chevrolet has been using the new chevys for sometime. He decided that he was ready to buy one so he went to see his friend and salesman at Lamar-Lane Chevrolet Joe Bermond. Mr. Flack looked over the large stock of new cars on Lamar-Lane's new car lot and picked out the one he liked, he also told Joe Bermond that he wanted a cash deal for he knew that would help him save more money. Joe Bermond offered Mr. Flack a Lamar-Lane price that he just couldn't turn down and he is happy with the money saving deal by paying cash for his new Chevy. Mr. Flack wants to recommend his friend Joe Bermond and neighbor Lamar-Lane Chevrolet to anyone interested in buying a new car or truck. Thinking about buying a new car or truck, visit Lamar-Lane Chevrolet and ask for salesman Joe Bermond, he could save you many dollars.

Getting less than \$12.50 per cord for your green pine timber?  
Interpine's complete utilization practices can result in better profits on your timber  
Interpine has found many landowners selling their timber for \$3 to \$4 per cord. They could be earning much more.  
Perhaps you've been told by someone that your timberland doesn't have enough logs or poles or piling to merit cutting. Interpine is in good faith, but maybe not interested in cutting only one size or type of timber.  
At Interpine, you buy many sizes of timber for cutting, piling and sawing. Even small poles and piling, not just the larger sizes. Here's an example:  
Recently Interpine and its products went back over a 400-acre tract on which all the poles had just been cut by one of our customers. When this operation by our competitor was complete, Interpine went in. We cut only small pole timber. The operation realized \$4000 in additional profits. profits he hadn't counted on from our operations. That's an extra profit of \$10 per acre.  
\*Yes, two more profits! We cut approximately 500 cords, from which the landowner realized \$6000. If it had not been for our operations this production would have gone into pulpwood at \$10 per cord. The difference, \$4000, was added profit to the landowner.  
For best profits, of course, you should contact Interpine before cutting any timber from your land.  
But, if you have any percentage of timber suitable for small poles or piling or large poles or sawlogs, we'll be happy to look at your timberland, cut it and make you an offer. Chances are we can offer you a better price, even up to \$12.50 per cord for quality products.  
All inquiries treated confidentially. Call or write us today.

## South Central Bell Directory Delivery

Delivery of South Central  
Bell's new 1970 Mississippi  
Gulf Coast Telephone Direct-  
ory is now underway. Delivery  
will be completed by August 1,  
1970.

This new directory features  
on its cover a typical coast  
scene painted by the coast's  
own, Joe Moran.

Captured is a trawl boat at  
docks, a scene so familiar to  
all coast people and to our  
visitors as well. A description of  
this painting is contained on the  
inside front cover of the new  
directory.

This directory contains the  
listings for the exchanges of  
Pearlington, Bay St. Louis,  
Pass Christian, Standard, Gulf-

port, Lyman, Biloxi, Ocean  
Springs and Vancleave.

Initially 85,551 of these di-  
rectories will be delivered as  
compared to 83,449 the pre-  
vious directory that was deli-  
vered just prior to the hur-  
ricane.

"Telephone users should  
destroy their old directories  
upon receipt of their new ones,"  
said F. M. Kyle, Jr., District  
Manager for South Central.  
"Other suggestions would be  
to transfer your notes of fre-  
quently called numbers from  
your old directory prior to dis-  
carding it," Kyle stated. "We  
also suggest that our subscri-  
bers make use of the emergency  
numbers space as provided as  
soon as they get their new di-  
rectory," Kyle added.

"Our Introductory Section  
or Call Guide Section contains  
useful information designed to  
be helpful to our subscribers  
in placing their calls or con-  
tacting the company on tele-  
phone matters. We urge our  
subscribers to review this sec-  
tion upon receipt of the new  
directory," said Kyle.

## Miss Susan Clark Enters Med School

Miss Susan Jay Clark of  
Bay St. Louis is among 95 stu-  
dents named to the University  
of Mississippi School of Medi-  
cine freshman class, according  
to Dr. Robert E. Carter, dean.

Dr. Carter said the five-  
student increase over last  
year's entering class is the  
third expansion in the four-  
year school's history. Miss-  
issippi's crucial shortage of  
physicians, he explained,  
prompted the additional state  
funds which helped make the  
needed increase possible.

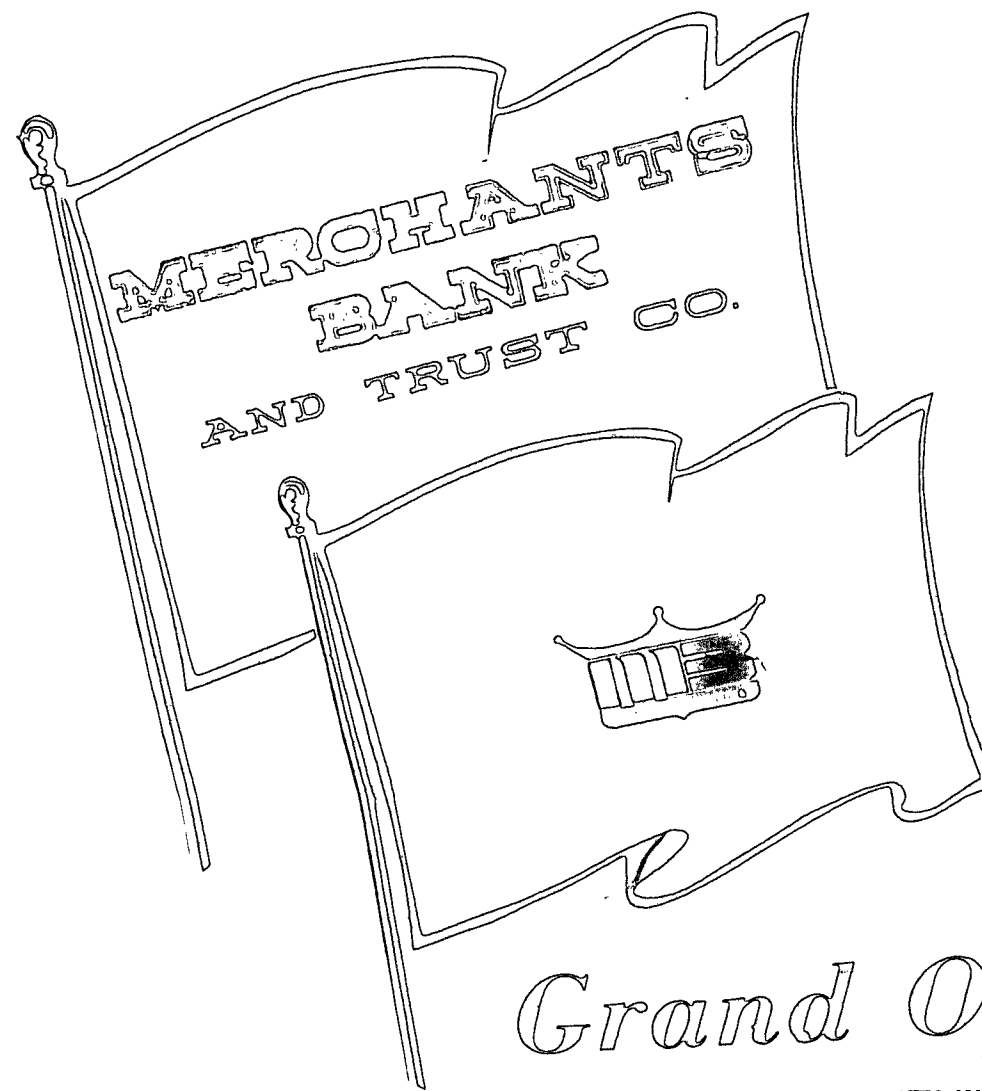

The Class of 1974 will begin  
classes on Sept. 9. Registra-  
tion and orientation are slated  
Sept. 7-8.

Miss Clark, the daughter  
of Mr. and Mrs. John Walter  
Clark, 550 Commagere, did her  
premedical studies at the Uni-  
versity of Mississippi.

## Regis Paper Donate Trees

Million trees will be planted without charge by Regis Paper Company this year to landowners whose timber was damaged or destroyed during Hurricane Camille in 1969, according to M. G. Branton, manager of the company's Southern Timberland Division.

The last planting consisted of 100,000 trees distributed to landowners in Florida, this spring, and a million of the new trees for free distribution in Mississippi.

Regis plans to plant a million trees to any one landowner who must assure the company that the trees will be planted in the hurricane-ravaged areas. The affected counties are Forrest, Pearl River, Hancock, Harrison and Jackson.

Requests for the trees should be addressed to Regis Paper Company, P. O. Box 386, Bay, where the zip code is 39520. The telephone number is 468-4438.

Requests will be filled on a first come, first served basis. The trees will be distributed in the St. Regis forest headquarters on Highway 11 just in the southern city limits of Bay.

R. T. Branton is the manager located at P.O. Box 386, Bay, Mississippi.

Details of the company's plans will be worked out with the wood supply organization in the affected counties.

In regard to the trees distributed this year, it is estimated that the first 200,000 trees will be available on October 20 and that on each of the succeeding Tuesdays, 200,000 will be available.

The trees have to be planted from the company's Bay area. The company's headquarters are in North Florida. Further details will be forthcoming in the near future.

Regis plans, they are publicly announced, that the hurricane struck, the company immediately set up its wood buying operation in the stricken area and more than 110,000 trees were salvaged from the lands of owners, more than twice as many as it was able to salvage from its own damaged holdings.

## Hancock General Orders Equipment

Board of Trustees of the Hancock General Hospital voted on Tuesday to purchase a new E.K.G. Machine and a Cardiac Monitor for surgery. Order has since been placed with the Electro Medical Equipment Company of New Orleans, according to information received from H. J. Blackledge, administrator.

Dr. John D. Rutherford III was accepted by the Board as a member of the Associate Staff of the Hancock General by a unanimous decision.

"The new generator has been installed," said Blackledge who further explained that it was of sufficient power to light the entire hospital and keep all electrical equipment in operation with the exception of the air conditioning units. At present the generator is operating manually because of a delay in shipment of the automatic device, however, Blackledge said the equipment is expected soon and upon installation will automatically go into operation at any time the electricity normally supplied to the hospital goes off. The hospital has a 56

## Unusual Vegetable Grown In Bay St. Louis Garden

There is something relatively new under the sun. It grows in the garden of E. Edwards who lives on Main Street Bay St. Louis and is a cross between a bell pepper and a tomato! Edwards is not sure just how he came to have this unusual vegetable, but the Rouser Seed Company is said to have experimented with this cross-breed in recent years. Whether it has been given a name isn't a certainty either, however, the vegetable looks, in shape, like a bell pepper. It grows on a tomato vine, and when ripe is a lovely shade of orange-pimento. It has a thick and crisp skin, somewhat like the bell pepper, and the flavor is mildly pepper flavored tomato. The seeds are like those of the tomato.

Mrs. Edwards has used this vegetable in salads and has cooked it as one would when stuffing a pepper. Taste in each

instance was pleasing. Edwards, who is a draftsman at the MTF, was born on a farm in Woodstock, Alabama. His hobby is gardening and he learned a great deal about mulching and pruning during the two years he was stationed in England. There he rented a small plot of land from the Queen's property where he grew such vegetables as potatoes, car-

rots, cabbage and onions. In England the mulching and use of natural fertilizers is stressed, according to Edwards.

MRS. HAMILTON BRUNI

## Vinot-Bruni United St. Louis Cathedral

St. Louis Cathedral, New Orleans, was the setting for the celebration of a Nuptial Mass, July 6, uniting Miss Diane Alma Vinot and Dr. Hamilton Carrel Bruni.

The bride is the daughter of Mrs. Helen Coe Genella of Bay St. Louis and the late Charles E. Vinot Jr.

The groom is the son of Mrs. Lucy Carrel Bruni and the late Oreste Bruni of Salvador, Brazil.

The Rev. Frank Montalbano performed the double ring ceremony before an altar flanked by tall baskets of white roses and gladioli.

The bride was given in marriage by her maternal grandfather, Marion Coe, Bay St. Louis. She wore a candlelight peau de sole gown fashioned with an organza bodice and train of peau de sole trimmed with Alencon lace embroidered in seed pearls.

Her three-tiered cathedral veil of candlelight illusion, appliqued with Alencon lace, was held by a bandeau of lilies of the valley and orange blossoms studded with pearls. She carried an old fashioned nosegay of white roses, orchids and stephanotis.

Miss Antoinette Catanzaro of Baton Rouge, La., was maid of honor and Mrs. Aristides Quisroz of Salvador, Brazil, was matron of honor. They wore floor length lime voile dresses fashioned on Empire lines with flowered sashes and carried nosegays of yellow daisies, yellow roses and baby's breath.

Dr. Aristides Quisroz served as best man and Ricardo

de Freitas Fraga of Rio de Janeiro, Brazil, was groomsmen.

Following the ceremony a reception was held at the home of the bride's cousins, Mr. and Mrs. Robert Kastner in New Orleans.

Mrs. George Ochs cut the three-tiered cake.

For her wedding trip to Mexico City and Rio de Janeiro, the bride wore an ice pink raw silk A-line dress with white accessories and an orchid corsage.

The couple will make their home in Salvador, Brazil.

Mr. and Mrs. L.S. (Doc) Elliott, announces the arrival of two great grand children, Clint Everett Elliott, born July 14th to Mr. and Mrs. Lulu S. Elliott Jr. (nee Evelyn Richard) of Memphis, Tenn. weighing 7 lbs. 9 oz. He is their first child and is the grand child of Mr. and Mrs. Lulu S. Elliott of Baton Rouge, La. and on July 24th, Bonnie June Haggerty to Sgt. and Mrs. Milne D. Haggerty (nee Sandra Walters) of Marysville, California. The little girl weighed 8 lbs. 2 oz. and she has a big brother, Michael J. The grandparents are Mr. and Mrs. Dan B. Haggerty Sr. of New Orleans, La.

## "Little Theatre" Rehearses Play For Young Children

Last summer under the direction of Terry Malone the Little Theatre instituted as a community service a summer program of plays for young children, intended not only to entertain them but to introduce them to the joys of live theatre. BEAUTY AND THE BEAST, given shortly before Hurricane Camille, was seen by approximately four hundred children, whose uninhibited enthusiasm was a delight to the cast and director.

This summer Malone is again directing a children's theatre production to be presented in August. His choice for 1970 is HANSEL AND GRETEL, a two-act play based on the famous fairy story and written by Mary-Kate Towns, who has made a name for herself in this field. There will be four performers, a 2nd adaptation, and children between the ages of five and twelve will, it is hoped, turn out from all over town as they did last summer for a special treat.

As was the case last year, the cast and crew are again made up of junior high, high school, and college students, who are giving their time and talents to provide this show for the children of the community. David Trostel, Jr., a seventh grade student at St. Stanislaus,

will play the part of Hansel and Carleen Murphy, an eighth-grader at Our Lady of the Gulf, will play Gretel. Norrie Sumrall, a senior at Bay High School, who recently acted the role of Lancelot in CAMELOT, is cast as the children's father, Mary Ellen Murphy, who will be a freshman at East College in Illinois this fall and who also appeared in CAMELOT as Morgan Lo Fay, has the part of their mother; and Jay Rogers (better known to local audiences as King Arthur) will play their Uncle Fritz before he departs for Middle Tennessee University in the fall. Mary Jo Jacob, a sophomore next year at Loyola University, completes the cast as the witch.

Delighted to hear of the new performance will be announced next week.

## Poolson-Ladner Vows Said At St. Clare's

Miss Karen Ann Poolson, daughter of Mrs. Myrtle Poolson and the late Edward Poolson of Bay St. Louis, became the bride of Ray Ladner, son of Mr. and Mrs. Wesley Ladner of Lakeshore, July 19, in St. Clare's Catholic Church, Wave-land.

Rev. William Kennedy performed the double ring ceremony before an altar banded with arrangements of white gladioli and pom poms.

Mrs. John McKenna, organist, played the wedding marches and a program of appropriate selections during the ceremony.

Given in marriage by her brother Leo Poolson of Bay St. Louis, the bride wore a floor length lace gown fashioned with a full skirt forming a formal length train. The bodice featured a scalloped neckline and long sleeves. Her short veil of illusion fell from a cluster of flowers embellished with seed pearls and she carried a Colonial bouquet of white carnations and pom poms.

Mrs. Wayne Curvas of Liza was her sister's matron of honor and Miss Judy Mar-que served as maid of honor. Bridesmaids were Misses Mar-lene Moran, Deborah Fayard and Elaine Blaize, all of Bay St. Louis.

They wore floor length cotton brocade gowns in pastel shades with hats to match the hues of their dresses and they carried cascades of pom poms in the same shades.

Miss De Erastine, niece of the bride, served as flower girl and J. V. Ladner Jr. was ring-bearer.

J. V. Ladner Sr. served his brother as best man. Sammy Carver, Chuck Carver, Larry Poolson, brother of the bride, and O. V. Ladner Jr. were groomsmen.

Following the ceremony a reception was held at the Knights of Columbus Hall where the mothers of the bride received their guests wearing a lavender

bonded knit dress with white accessories and a white carnation corsage.

The mother of the groom chose a blue dress and white accessories, a corsage of white carnations completed her ensemble.

The bride's table, overlaid with a white linen cloth, held a four-tiered cake trimmed with pale pink spun sugar roses and pastel forget-me-nots. Fern and d white blossoms encircled the bottom tier.

Mrs. Morris Lizana of Lakeshore served the cake and Mrs. John Erskine Jr. presided at the punch table.

MR. AND MRS. JACK BARRETT MCGUIRE

## Breath-McGuire Wed At Our Lady of Gulf

The wedding of Miss Mary Breath, daughter of Mr. and Mrs. Charles Albert Breath, Jr., of Bay St. Louis, and Mr. Jack Barrett McGuire, son of Mr. and Mrs. Robert James McGuire, of Pass Christian, and the Rev. David Reginald McGuire, Jr., solemnized at 4 p.m. at Our Lady of the Gulf Church in Bay St. Louis.

The Rev. Gregory Johnson, the Rev. Charles R. Johnson and Rev. Peter Rogers, officiated at the ceremony. In a setting of white gladioli, stock and mums in tall altar vases.

Mrs. John McKenna accompanied Mr. Jerry Marshall who sang "More, Ave Maria."

Given in marriage by her father, the bride wore a gown of white imported Chantilly lace and nylon tulle, worn by her sisters, Mrs. Donald Coffey and Mrs. John Balch, at their marriages. The lace bodice was fitted with cap sleeves, and the full skirt was appliqued with medallions of the lace, with wreaths of the lace bordering the hem and train.

Her fingertip veil of illusion was held with a pearl-studded lace cap, and she carried a Breath family heirloom, a silver covered Book of Common Prayer, from which fell a cascade bouquet of Pyralisopsis orchids and stephanotis accented with ivy. Her only ornament was a string of pearls, a gift from the groom. The young couple exchanged the wedding rings which his parents had exchanged at their marriage.

Miss Sandra Elaine Birdsong was maid of honor, and the matrons of honor were Mrs. John J. Housey, Jr., and Mrs. Robert E. Develle, of Fort Walton Beach, Fla. Miss Robin Bullock Coffey, niece of the bride, was junior bridesmaid.

Their floor-length gowns of mull were printed in rows of pink and green flowers. The high waistlines were encircled with pink velvet ribbon and the bodices finished with a round and short, puffed sleeves. They wore white hats trimmed with decolletage and short, puffed sleeves. They wore white hats trimmed with matching pink bows, and carried bouquets of fleur d'amour, baby's breath

## FROM ANSLEY

MRS. AUGUST LADNER  
PHONE 467-7471

Orla and Ann McDowell were visiting Bill and Ora McDowell this weekend in Ansley cutting grass and helping clean up after Camille. Also visiting were the grandchildren Lleshi and Jimmy. Bill and Ora really had the help.

Bill and Ora are going to Lake Charles and Galveston, Texas, on vacation the last of August where they will attend a wedding of a cousin of Ora's. Also her aunt, Mrs. A. Faulk and Mr. Faulk will celebrate their 50th anniversary Sunday, August 2nd in Lake Charles, Louisiana. Then Wednesday back to Ansley where they will spend the rest of the week before returning to New Orleans.

Mickey and Terrell Ladner had a visit over the weekend from Mickey's sister and husband, Linda and Floyd Davis and daughter of Poplarville.

Our ball team came home with a beautiful trophy Sunday a week. They played in a tournament in Piquette which lasted a week.

Sympathy goes out to Pauline Necaise in the death of her son, Alvin Necaise and sister Shirley.

Skippy and Brenda celebrated their 4th wedding anniversary on Friday, July 24th. Skippy took Brenda out to dinner.

Mr. and Mrs. Sam Ladner went to Houston on vacation. While there they visited her sister, went to AstroWorld and the Astrodome, and also visited the zoo. They toured the Battleship of Texas and San Jacinto monument and went swimming in Galveston Beach. The four oldest children are on an extended visit with relatives while Mrs. Sam Ladner goes into the hospital for an operation. They reported to have had a good time on vacation.

Get well wishes go out to Uncle Jack Ladner and Uncle Jarius Necaise. They are in Hancock General.

Louise Ladner is home after being in the hospital and doing very well.

## CYO Lay Advisor Receives Awards

On Wednesday, July 22, O. L. G. Jr. CYO presented a plaque of appreciation to Mrs. Joseph A. D'Emidio, their former lay advisor. Also presented was a letter of appreciation from Mayor Warren Carver, of Bay St. Louis, at the special party. The special party was held after the regular meeting in

FORMER LAY ADVISOR Mrs. Joseph D'Emidio being presented a plaque from the OLG Junior CYO in appreciation for her work with that organization. A letter of appreciation was also given her by Father Kelly on behalf of Mayor Warren Carver of Bay St. Louis.

MRS. SYLVIA LAFONTAINE OF BAY ST. LOUIS ACCEPTS DELIVERY OF HER FAMILIES NEW CHEVY NOVA FROM LAMAR-LANE SALESMAN JOE BERMOND AS HER FRIEND GIVEN WITNESSES THE EVENT.

Mr. and Mrs. Ronnie LaFontaine of Bay St. Louis figured that it was time for them to buy another car. Mrs. LaFontaine visited Lamar-Lane Chevrolet to see her friend and salesman Joe Bermond. The LaFontaines knew that Joe Bermond would give them the best buy and that is what he did for them. At Lamar-Lane Chevrolet they saw what they wanted and drove it home. Mrs. LaFontaine wanted to recommend Lamar-Lane Chevrolet and salesman Joe Bermond to anyone interested in buying a new car or truck. ### St. Clare's Day Camp At Pass For Youths

Eight in the middle of the 10 Balmoral Trail Park in St. Clare, the Presbyterian Church sponsors a daily summer Bible fellowship for young people. The program, which only a few weeks ago already drawing a daily attendance from thirty to forty, is now in its fourth year. It is run by Mrs. Evans, a senior law student at South Carolina State, who began in the large trailer at 9:30 a.m. with the singing of hymns and the reading of the Bible. The youngsters then listen reverently to a morning devotion led by Mr. Evans. The program then breaks up into small classes, where the Westminster Catechism is studied, after a short break for refreshments, the kids go back to their different groups to study the New Testament. The response among students and the trailer families has been remarkably good, says the greatest interest has been in learning how the Old Testament prophecies of a coming Savior were fulfilled in Christ, and especially in the miracles of the New Testament.

On Tuesdays and Thursdays afternoons, Evans and his three volunteer instructors, lead the group in vigorous recreational activities. And on Sunday evenings, at 8:00 p.m., church services are led by guest ministers from around the state. Although officially sponsored by the Presbyterian Church, U.S., the congregation and youngsters include representatives of all denominations.

Evans, 24, at six feet six, 215 pounds, hardly looks the part of a Bible-thumping, fundamentalist preacher. He made All-American in Small College Division last year, and if his Phi Beta Kappa key and Rhodes Scholarship candidacy are not in his way, he could try out for pro football. But, in an area of the Gulf Coast threatened daily by an increasing juvenile delinquency, he will leave behind a small band of dedicated young people with a real purpose for their lives.

### Forestry Assn. Holds Workshop

This week forty-six school teachers from throughout the state have donated hiking clothes to attend classes at the University of Mississippi Forest Lands near Perlestown.

The occasion is the seventh annual Teachers Conservation Workshop, sponsored by the Mississippi Forestry Association, an organization of individuals and companies interested in forestry development. The workshop began Monday and will continue through Friday noon.

Workshop registrants from Hancock County include Mrs. Kathleen S. Torrey of Bay St. Louis.

Subjects include birds and snakes, quality of the environment, forest products utilization, forest protection and fire control, native shrubs and wild flowers, recreation, soil, water, and mineral resources, tree identification, tree improvement, and timber management systems. Field trips and seminars are also on the schedule.

Most teachers take advantage of the three hours graduate credit offered through Mississippi State University for successful completion of the workshop.

Individual wood using companies make direct contributions to underwrite the cost of the workshop and cooperate in supplying instructors.

## KANTCHA KETCHUM

By L. & (Doc) Elliott

was another good day with clear sky and a light breeze. Local shore fishing was good. Fish were caught in the marshes, bay, and other salt water areas. A few weighed 4 to 5 pounds. Live shrimp and crabs are being caught by hand and on the fly rod. Fishing is good in the marshes, bay, and other salt water areas. A few weighed 4 to 5 pounds. Live shrimp and crabs are being caught by hand and on the fly rod.

Ray, Joe Church and Schaefer made a trip to the marshes. They caught a Spanish Mackerel and other salt water fish. They were about 28 miles from the Gulf. All three knew fishing and catch some

Holden who works for the Auto Parts says he is fish but can't find it. There will be time for school, you're still

Nelson was bragging about a 3 1/2 pound flounder. Don't blame you, it was kinder

Dec: ways enjoy your column. Echo, and your rhyme. He brought back a pelican. Memories of a cat and fun at meal time. As young people thought our brotherly ruse when he recited a rhyme in its end for it contained a word were forbidden to use--adults!

bird is the pelican, but can hold more than fully can. It is enough to last him a day. Don't see how in the hell

A Reader: channel Catfish (Ictalurus punctatus) said that Huckle-Finn used a skinned rabbit and caught a blue catfish over 200 pounds. Hordes of fishermen are still trying for that record.

is the season for catfish to strike. Hot weather has thousands of anglers out of the unlovely catfish. There is always the possibility of connecting with a big fish to tow your boat. The largest blue catfish on record (other than Huck's) was a 97 pounder from the Missouri River in 1959. In South Dakota in 1959, Cooper Reservoir, in Carroll County yielded a 58 pound channel catfish in 1964. There are plenty big catfish in local streams. They are mostly on set lines and

channel catfish is omnivorous, feeding upon almost any matter, dead or alive, making him suspect to poachers. We're sure that you've tried a platter with blue catfish on the side. All find you first in line around.

G. Gregg and son Kenneth from Houston, Texas, are now working in this area. Both love their fishing

and go on every occasion. Have found some good fishing spots already.

Don McCullough who owns the Convocation Supperette, Waveland Poshing Liquor Store and Jockey Motel on Highway 90 is too busy to go fishing. He said as much as he likes it. The waters will be here a long time, follow.

Fishing Sam Niglasz celebrated his birthday Sunday by catching almost the same number of specks as his age. His fishing buddy is Ellis Cuevas.

Louise and Norman Compton were co-hosts with Mary and Noah Hayes at a lobster dinner last week. A barrel of Maine lobsters and clams, packed in seaweed, were flown into Gulfport for the occasion. Music for dancing was provided by Little Betty Buddy and the Chocolate Drops from Biloxi.

Among the guests were Mayor and Mrs. J. J. Witman, of Pass Christian; the Jimmys, Robert Doan and Larry Torjusan families, of Gulfport; Mr. and Mrs. Douglas Cruthirds, also of Gulfport.

Others included Mr. and Mrs. Clifton Piazza, Mr. and Mrs. Skipper Taylor, Bernie and Rocky Wyatt; Vookes Ogden, Hazel Stephens; Sam Noto; Bill Ellis; Exmel Schindler; Gennoville Lynch; W. D. King and Lee Coster.

You can bet there was plenty eating, refreshments and fish stories told. A good bunch of sports.

The Bay Waveland Gun & Rod Club will meet July 30th at 8 p.m. at the American Legion Home on Green Meadow Road. There will be a shrimp supper before the meeting. This is just a reminder, fellows.

W. W. Griffin and son, W. W. Jr., caught 80 speckles in Lake Coquille. Lake Coquille is near Hopedale, La. W. W. Jr., flies a seaplane from which he fishes. Fish can easily be spotted from a plane, they tell me.

The Ray Hoffman family were over for the day, Sunday, visiting relatives. No time for fishing or crabbing.

Fish are still being caught at the Legion Pier. Along the beach at Waveland and down by Bayou Caddy. Speckles are being caught but they are mostly pan size. Other salt water fish, sheepshead, croakers, ground mullets, red fish can be caught.

Soft crabs are rather scarce, but flounders are being speared nightly. Low tide should be early at night this week.

**SPORTSMAN OF THE WEEK**  
Clayton Sooly says he enjoys a little fishing. His main hobby is entertaining guests and friends and relaxing. Clayton likes his brothers, Bob and Al have been visiting the Bay for years. How about that, buddy?

Big speckle trout are being caught down Pearl River near the mouth and at Cross Bayou. They are hitting live shrimp best but can be caught on artificial baits.

Sam Meyers has been catching his share of fish at his secret fishing spot. Sam knows his fishing and has been doing it for a long time.

Red Seymour has his boat in good shape now. He will do some shrimping and fishing.

A tree is a solid plant that grows in one place for 50 years and then suddenly jumps in front of a woman driver.

Jelly fish are making their appearance on the beach. Saw a number of them while soft crabbing. They are not poisonous but do sting when touching the skin. Bathers are not proud of them.

Enjoying their fishing and soft crabbing are Tommie, Kenneth and Roger Bandry. The boys are spending a two-week vacation at the Bay with their parents Mr. and Mrs. Al Baudry of Jackson. Almost forgot Mary and Richard the small fry. They will return home this week end. The folks are visiting the Dec. Elliotts, their grandparents.

## Seedlings For Fall Planting

Hancock County Forester Michael Hendry, announced this week that the Mississippi Forestry Commission will furnish seedlings for fall planting. The Forester suggests that all Hancock County land owners who plan to plant pine or other

Hard crabs are giving pretty good. They are being caught in a little deeper water. When battling hard crabs try using some hot peppers soaked in vinegar. It helps season them.

A lot of fish, various kinds, are being caught in front of the Pass Christian Yacht Club on the roof, about 75 yards out. There is a good launching ramp in the harbor.

Bartor's Marina at Pearl River is an ideal place to get a boat when fishing in that area. Both salt and fresh water fish are caught in the main Pearl River. River, when fishing for fresh water fish a Mississippi loon is good for fishing both banks of the river. Tributaries of the river furnish excellent porch fishing.

seedlings and those who are considering such plantings should begin making applications for seedlings. Seedling applications must be in no later than October 15, 1970.

Prices for seedlings are as follows:  
For the landowners first 1,000 seedlings there is no charge except the delivery fee of 25 cents per 500 or 50 cents per thousand. Over 1,000 seedlings the price per 1,000 plus seedlings is \$6.00; for all other species the price is \$12.00 per 1,000. Delivery charges are extra.

The minimum acceptable order to Pine species, 1,000 seedlings per species. Other species to 500 seedlings per species.

Available seedling species are Loblolly, Slash, Longleaf, and Shortleaf Pine; Bald Cypress, Green Ash, Yellow Poplar, Sweet Gum, Catalpa, Sycamore; Cottonwood (cuttings only).

Applications for seedlings may be taken at the Forestry Office or the County Extension Office both located in the Agricultural Building on Nacal Avenue in Bay St. Louis.
